G.O. NO. 4951

Dated 7-11-47

[Despatch Abstract.]

Ref. 14469/50-C2. Office of the Chief Conservator of Forests, Madras 2 P..., Dated 14th June 1951.

From

Sri M. Kesavan Unni Nayar, I.F.S.,
Chief Conservator of Forests,
Madras.

To

68924

The Secretary to Government,
Development Department.
Fort St. George.

Sir,

Subject: Leases - Fuel coupes - Kollegal Forest Division - Allotment of Special Fuel Coupe No. to the Government Silk Filatures, Kollegal for 1951-52.

Special coupes were allotted to the Government Silk Filatures, Kollegal in Doddasampagai Reserved Forest from 1944 onwards, and the lease amount of each coupe was fixed on the basis of the yield obtained by working the indicator area, charging seigniorage rate of Rs. 2/- per ton of firewood.

Coupe IV 9

2. The last coupe leased to the Filatures is 152 acres, for which extension of time has been granted by Government in their Memo No. 108866-M1/50-3, Dev., dated 16-2-1951 till 30th June 1951.

3. The District Forest Officer, Kollegal, has in consultation with the Sericultural Expert, demarcated coupe V of 51 acres, estimated to yield at 8.2 tons per acre for leasing to the Government Silk Filatures for 1951-52. The present market rate of firewood in Kollegal is Rs. 30/- per ton, and the District Forest Officer has reported that based on the market rate, the seigniorage rate per ton of firewood amounts to Rs. 7-4-0 as shown below:

	Rs. as. ps.
Market rate per ton of firewood	30- 0- 0
1. Felling, transport to road-side and loading in lorry	6-4- 0
2. Transport to Kollegal over a distance of 22 miles at 0-12-0 per ton per mile	16- 8- 0
	22-12- 0
Seigniorage per ton	7- 4- 0

Estimated yield per acre 8.2 tons.

Rate per acre Rs. 59-7-2 or Rs. 59-8-0.

4. I addressed the Director of Industries and Commerce and ... whether he agrees to fix the seigniorage rate at Rs. 7-4-0 per ton. The Director of Industries and Commerce, in his letter No. 2049/D-1/51 dated 26-5-1951 (copy enclosed) has reported that the cost of firewood consumed forms a very substantial item in the manufacturing cost of silk, and at the rate now proposed, the cost of manufacture will reach an uneconomic level which would be fatal to the working of the Filatures, and desires the continuance of the seigniorage rate of Rs. 2/- per ton fixed previously.

5. I see no justification to continue the concession at the expense of the revenues of the Forest Department when the market price of firewood has risen up.

I request orders in the matter.

½ For Chief Conservator of Forests.

Encl. one.

Copy of letter No. 2049 D1/51 dated 26th May 1951 from the Director of Industries and Commerce.

Ref. Your letter No. 14469/50-C2, dated 21-4-1951.

It is considered that the incr ased seigniorage rate of Rs. 7-4-0 per ton now suggested by you is very high and is far beyond the capacity of the Government Silk Filature, Koliegal to bear. The cost of firewood consumed forms a very substantial item in the manufacuring cost of silk. The cost of firewood at the existing seigniorage rate of Rs. 2/- per ton works out to about 8% of the cost of production of silk. And if the seigniorage rate is to be increased to Rs. 7-4-0 per ton, as now proposed, the cost of manufacture of silk will reach an uneconomic level. Even the existing cost of manufacture of silk is often proving uneconomic and as now the silk market is showing a steep downward trend it would be fatal to the working of the Filature, if the cost of manufacture should be increased, as it would if the seigniorage rate is increased. It will therefore be appreciated that the Filatures cannot at present afford to pay any higher seigniorage rate and I trust therefore that you will agree to the continuance of the existing rate.

True copy.

½ For Chief Conservator of Forests.

Development Department (C.II)

Memorandum No. 68924 C.II/51-2 dated 19-7-1957

Sub: Forests - Leases - Fuel coupes - Kollegal Forest Division - Allotment of Special Fuel Coupe No.V. to the Govt. Silk Filature, Kollegal for 1951-52.

Ref: Letter No. 2049 D.I/51 dated 26.5.1951 from the D.I & C. addressed to C.C.F.

From the C.C.F. Ref.No.14469/50.C.2 dated 14.6.51.

...

It has been suggested that concealed subsidies only distort the accounts and prevent judgment on the economic of commercial activities and that the question at what seigniorage rate per ton of fuel, the silk industry can bear and how far this rate can be gradually raised in order that an incentive is kept up in the silk industry to economise the overhead charges, might be examined. The D.I & C. is accordingly requested to examine this question and to suggest a suitable seigniorage rate which the Silk Industry can bear, for consideration of Govt.

A Copy of the letter from the CCF is also enclosed for reference in this connection

To:
The Secretary to Government,
Development Department,
Government of Madras,
Fort St. George.

No.2049/D1/51 dt. 29th September, 51 107747

Sir,

Subject: Leases- Fuel coupes- Kollegal- Forest Division- Allotment of special fuel coupe No. V to the Government silk Filatures- for 1951----1952.

Reference: Government Memorandum No.68924/C11/51-2 Development dated 19th July, 1951.

While I agree that concealed subsidies would preclude correct judgement on the economical working of the commercial undertakings, I submit that the silk Industry has ~~yet~~ not yet reached a stage when it can thrive without assistance being extended by Government. I have /~~scrutinised~~/ carefully examined the question as to what seigniorage rate the Government silk Filatures, can reasonably pay to the Forest Department for the fuel extracted from the Reserve Forests. The cost of fuel works out to about a Rupee per lb. of silk-produced and forms about 15 per cent of the manufacturing cost. If the seigniorage rate should be increased from Rs. 2/- to Rs. 7/4/0 per ton as suggested by the Chief Conservator of Forests, the fuel charges will go up by about As.4/- per lb. of silk and the manufacturing cost will be swelled to a level at which it will not be possible to find a market. I submit that the existing seigniorage rate of Rs. 2/- per ton represents the outside limit which the Filature could possibly bear. In the circumstances, I request that the existing rate ~~may be extended unaltered~~ which has been in force since the inception of the filature may be continued unaltered.

for Director of Industries and Commerce

MNG/29.9.

1st Issue 60/7/11
Nos 6-11-57

dev (C II) dept.

Sub: Forest - Leases - Kollegal Divn - Special Coupes - allotment to Govt. Silk Filatures, Kollegal - Seigniorage - Continuance of existing rate - Ordered.

Read From the C.C.F. No. 16469/50-C.2 dt 14.6.57.
From the D.I.& C. No. 2069/D2/51 dt 29/9/57.

G.O (Ms) No. 4951 (dev) dated 7-11-57

In 1944 onwards special Coupes were allotted to the Govt. Silk Filatures, Kollegal in Doddsampagai R.F. The lease amount of each Coupe was fixed on the basis of the yield obtained in the indicator area and a seigniorage rate of Rs. 2/- (Rupees two only) per ton of firewood was also being charged by the Forest Deptt..

2. The C.C.F. has reported in his letter read above that Special Coupe No. V of 51 acres is demarcated ~~for lease~~ to be leased for 1951-52 to the G.S.F., Kollegal. He has stated that the yield of this Coupe is estimated at 8.2 tons per acre, that the market rate of firewood at Kollegal is Rs. 30/- per ton and that hence the G.S.F., Kollegal should be charged seigniorage at the rate of Rs 7/4/- instead of Rs 2/- per ton as there is no justification in Continuing the concession to the Filatures at the expense of the Forest Deptt. The D.I.& C., has however stated that the Silk industry has not yet reached a stage when it can thrive without assistance being extended by Govt., ~~that~~ He has also stated that he has carefully examined the question as to what seigniorage the Filatures can reasonably pay to the Forest Deptt., for the fuel

extracted from the R.F. and that the existing rate of R. 2/- per ton represents the outside limit which the Dilatures could possibly bear. The D.I. & C. has therefore requested that the existing rate which has been in force since the inception of the Dilatures may be continued unaltered

3. In the circumstances stated, the Govt. accept the proposal of the D.I. & C. and direct that the existing rate of seigniorage of R 2/- (Rupees two only) per ton ~~of product~~ of firewood extracted from the R.F. for the G.S.F, Kollegal, may continue to stand for the present. I

4. The D.I. & C. is requested to review the position after two years and to submit a report to the Govt. on the feasibility of increasing the rate mentioned in para 3 above

Sub: Forests - Leases - Fuel coupes - Kollegal Forest Division - Allotment of Special Fuel Coupe No. V to the Govt. Silk Filatures, Kollegal for 1951-52 - Seigniorage -

Ref From the CCF Ref No. 14469/50 C2 Dy 14.6.51

---

1. From 1944 onwards Special coupes were allotted to the Govt. Silk Filatures, Kollegal in Doddsampagai Reserved Forests. The lease amount of each coupe was fixed on the basis of the yield obtained in the indicator area and the seigniorage rate of Rs 2/= per ton of firewood as charged by the Forest Deptt.

2. Special coupe No. V of 51 acres is to be leased for 1951-52 to the G. S. F. Kollegal. The DFO Kollegal reported that the yield of the Special coupe No V is estimated at 8.2 tons per acre, that the market rate of firewood at Kollegal is Rs 30/- per ton and that the seigniorage to be charged per ton should be Rs 7-4-0 and not the flat rate of Rs 2/- per ton as stated at A on p 1 cf. The CCF agrees with the DFO, who was consulted by the CCF in the matter of charging increased seigniorage of Rs 7-4-0 per ton, is strongly of the view that it should not be increased in view of the fact that the consumption of firewood by the G. S. F. forms the substantial item in the cost of production of silk with the result that it would reach an uneconomic level to the detriment of the interests of the G. S. F. He favours the continuance of the flat rate of Rs 2/- seigniorage charged per ton as usual. But the CCF sees no justification to continue this concession at the expense of the revenue of the Forest Deptt. For orders whether the CCF's view may be accepted to increase the seigniorage from Rs 2/- to Rs 7-4-0 for Special Coupe V in Doddsampagai Rfs Kollegal.

Dy(N.I)Dfft

The Govt. Silk Filatures, Kollegal, which remained closed for about six months during April '49 to August '49 and from Feb 1950 to March '50, has commenced satisfactory working only from April 1950. Due to fluctuating prices in silk, it is not always possible to expect a reasonable profit from the Filatures, and as far as possible the working expenses have to be kept within reasonable levels. In the circumstances it may not be desirable to increase the seigniorage rate and thereby increasing the cost of firewood consumed, which forms a very substantial item in the manufacturing cost of silk of the Filatures.

28/6/51

In the interests of the silk industry, which ought to be fostered the existing seigniorage rate of Rs 2/- per ton may be continued, though C.C.F is not in favour of it.

GOVERNMENT OF MADRAS

Prod Revenues are not directly affected & therefore there is not much to be said in this dept.

However it seems to me that Devt. Deptt should try to assess what rate the Silk industry can bear and gradually raise the rate so that an incentive is kept up in the Silk industry, to economise in overheads ~~so that~~ and it could be made to appear as paying concern. The Sudden raising of the rate to the maximum level, ~~which~~ might completely swamp the Silk industry & cause closure which that industry may not be able to get over. No doubt this involves a concealed subsidy, as pointed out by ~~the~~ Devt. Secy; but the concealment is not from the Govt or from the D.G.C. After all the Govt are interested in ~~practically~~ assisting the silk industry to stand on its legs & not in killing it ~~by showing~~ it out as utterly uneconomic. This aspect may also be considered & a suitable compromise evolved

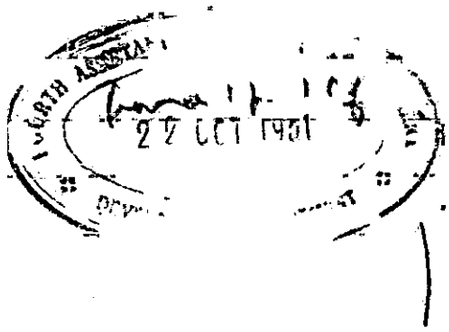
Summary.



From 1944 onwards Special coupes were allotted to the Govt.Silk Filatures, Kollegal in Doddsampagai Reserved Forests. The lease amount of each coupe was fixed on the basis of the yield obtained in the indicator area and a seigniorage rate of Rs. 2/- per ton of firewood was also being charged by the Forest Deptt.

Special Coupe No.V of 51 acres is demarcated to be leased for 1951-52 to the Govt.Silk Filatures. The C.C.F. has stated that the yield of this coupe is estimated at 8.2 tons per acre, that the market rate of firewood at Kollegal is Rs. 30/- per ton and that the seigniorage to be charged per ton should be Rs.7-4-0 instead of the flat rate of Rs. 2/- p.m. as there is no justification in continuing the concession to the Govt.Silk Filatures at the expense of the Forest Deptt. The D.I.&C has however stated that the silk industry has not yet reached a stage when it can thrive without assitance being extended by Govt., that he has carefully examined the question as to what seigniorage this Govt.Silk Filatures can reasonably pay to the Forest Deptt. for the fuel

K S Ry.

6/ 65929 11/31/10

extracted from the Reserved Forest and that the existing rate of Rs. 2/- per ton represents the outiside limit ~~xx~~ which the Filatures could possibly bear He has therefore requested that the existing rate which has been in force since the inception of the filature may be continued unaltered.

This Deptt. proposed that the D.I. & C's proposal at 'A' above may be accepted. Fin. have also agreed subject to the remark that the position may be reviewed after a year or two to see whether the seigniorage rate may not be increased suitably, consistant with the progress made by the silk industry.

The ~~C.F.~~ Case may now be circulated for orders whether the D.I. & C.'s proposal that the existing rate of seigniorage viz., Rs. 2/- per ton may continue to stand, will be accepted and whether the D.I. & C~~t~~ may be asked to ~~renew~~ review the ~~petition~~ position after 2 years and to submit a further report in the matter to the Government.

A

A above may be approved
